

2020 Environmental, Social and Governance Excellence

Jeffrey Boateng

Chief Counsel – Environment, Sustainability & Safety | JLL

Jeff has transformed JLL's approach to ESG since being appointed as global ESG legal lead. He has been pivotal in developing a results-driven sustainability framework, developing policy positions on HSE, human rights, and sustainable procurement, and influencing operational decisions and climate-related financial disclosures to improve transparency and achieve financial and legal goals.

Frances Hoskins

Senior Legal Counsel | Dept of Water & Environmental Regulation

Frances Hoskins is an environmental law specialist who has worked for almost a decade for environmental agencies, leading projects of a state-wide significance, including implementing a review of the EPA, developing a container deposit scheme, creating new corporate values and leading reform of environmental legislation.

Jorden Lam

General Counsel & General Manager | HESTA

Jorden is a General Counsel & GM, and has served on the boards as a non-executive director for various health service providers. Jorden regularly writes and speaks about professional development and the importance of lawyers embracing innovation and re-defining their value proposition given the evolving needs and expectations of the business community. She has received numerous public accolades for her achievements and contributions to the legal and financial services industry to date.
