

2020 Large Legal Team of the Year

We are a first-class in-house legal team in every sense. We work on high profile, high value deals, many without external counsel. We receive outstanding feedback from our clients and constantly challenge the way we work. Finally, our success is all about our people and our FY20 engagement scores bear witness to this.

The Queensland Rail Legal, RTI and Privacy team is an agile, multidisciplinary group of professionals who work hard to be trusted and valued business partners within Queensland Rail. Most importantly we try to achieve this goal while having fun and being a source of creativity and positivity within Queensland Rail. Every day we strive to live by the values which we decided, as a team, are important to us – Courage, Honesty, Integrity, Respect and Trust.

Our team works together with the broader Woolworths team so that we can achieve the Woolworths Group's purpose of *"creating better experiences together for a better tomorrow"*.
