

# Building your Legal Operations knowledge via the Association of Corporate Counsel (ACC) Hong Kong website

The ACC Legal Operations portal is designed to connect ACC members with the latest trends and emerging issues in legal operations service delivery from legal departments around the world. Whether you're part of a legal team of 1 or 1,000, ACC Hong Kong members can take advantage of resources, case studies and best practice insights from your global in-house peers.

## To get started...

1

Login to the ACC Hong Kong website, via the Member Login button on the top right-hand corner of the screen...

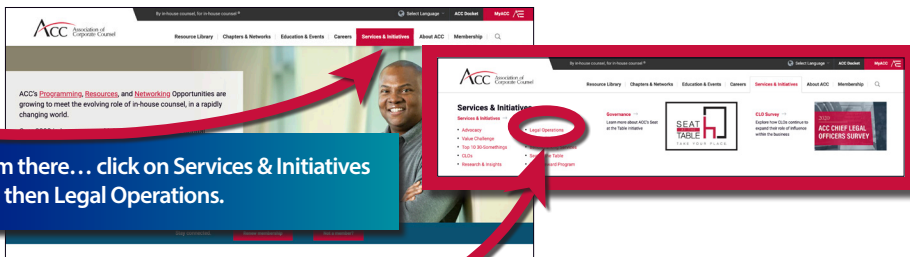

Once you've logged in... you'll see MyACC.

MyACC

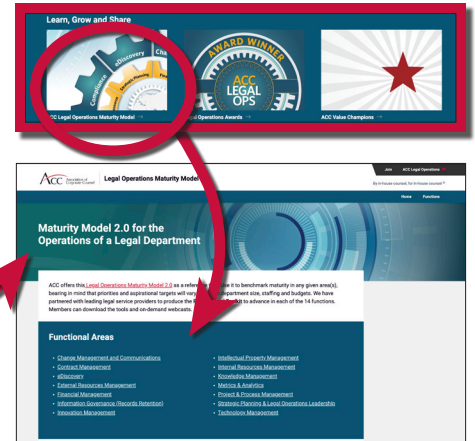

2

From there... click on Services & Initiatives and then Legal Operations.

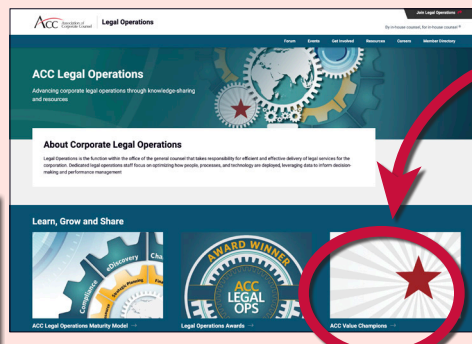

## So where to start?

The ACC Legal Operations Maturity Model is a reference tool that allows legal departments to measure their maturity across 14 functional areas of legal department service delivery. Members can download the tool and on-demand webcasts relating to each functional area.

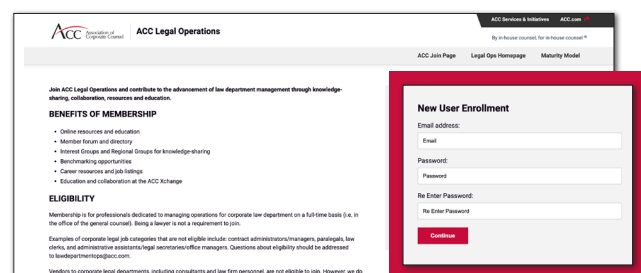

3

The Legal Operations Function section contains a range of articles and whitepapers that are designed to help you take those first steps towards your legal operations journey.

Meet the ACC Value Champions: The ACC Value Challenge is an annual program that identifies and celebrates law department initiatives that seek to reduce spending, improve predictability of services and achieve better organisational outcomes. Read profiles of past ACC Value Champions to understand how legal departments from around the world incorporated legal operations processes to deliver improved efficiencies and continuous improvement.

Still looking for more information? Why not become an ACC Legal Operations member? Existing ACC members can add an ACC Legal Operations membership at no additional cost. ACC Legal Operations members can collaborate via online forums and interest groups, receive regular updates about upcoming legal operations events and resources. **Join today.**
