

MiAI Law

Your Legal AI Research Partner

Precision Authority Empowerment

The Persistent Challenge

All lawyers are overwhelmed by data and much of the necessary research simply never gets done.

When research is incomplete, litigators miss arguments and negotiators miss leverage.

AI chatbots sound confident — but what is the authority behind the answers?

Setting a New Benchmark

First Principles Legal Reasoning

MiAI = Trustworthy Legal Research.

+

Reasoning revealed -
no black box

Think like a Lawyer

Evidence-Based Results

Performance across the 30 Allens Linklaters Australian Law Benchmark questions across 10 different commercial practice areas

Criteria	MiAI Law	Leading Competitor
HCA authority surfaced [#]	30/30	9/30
Statutory accuracy	30/30	24/30
Nuance/exception detection	30/30	11/30
Commentary reliance [*]	0/30	22/30
Audit-ready (lawyer review)	30/30	0/30

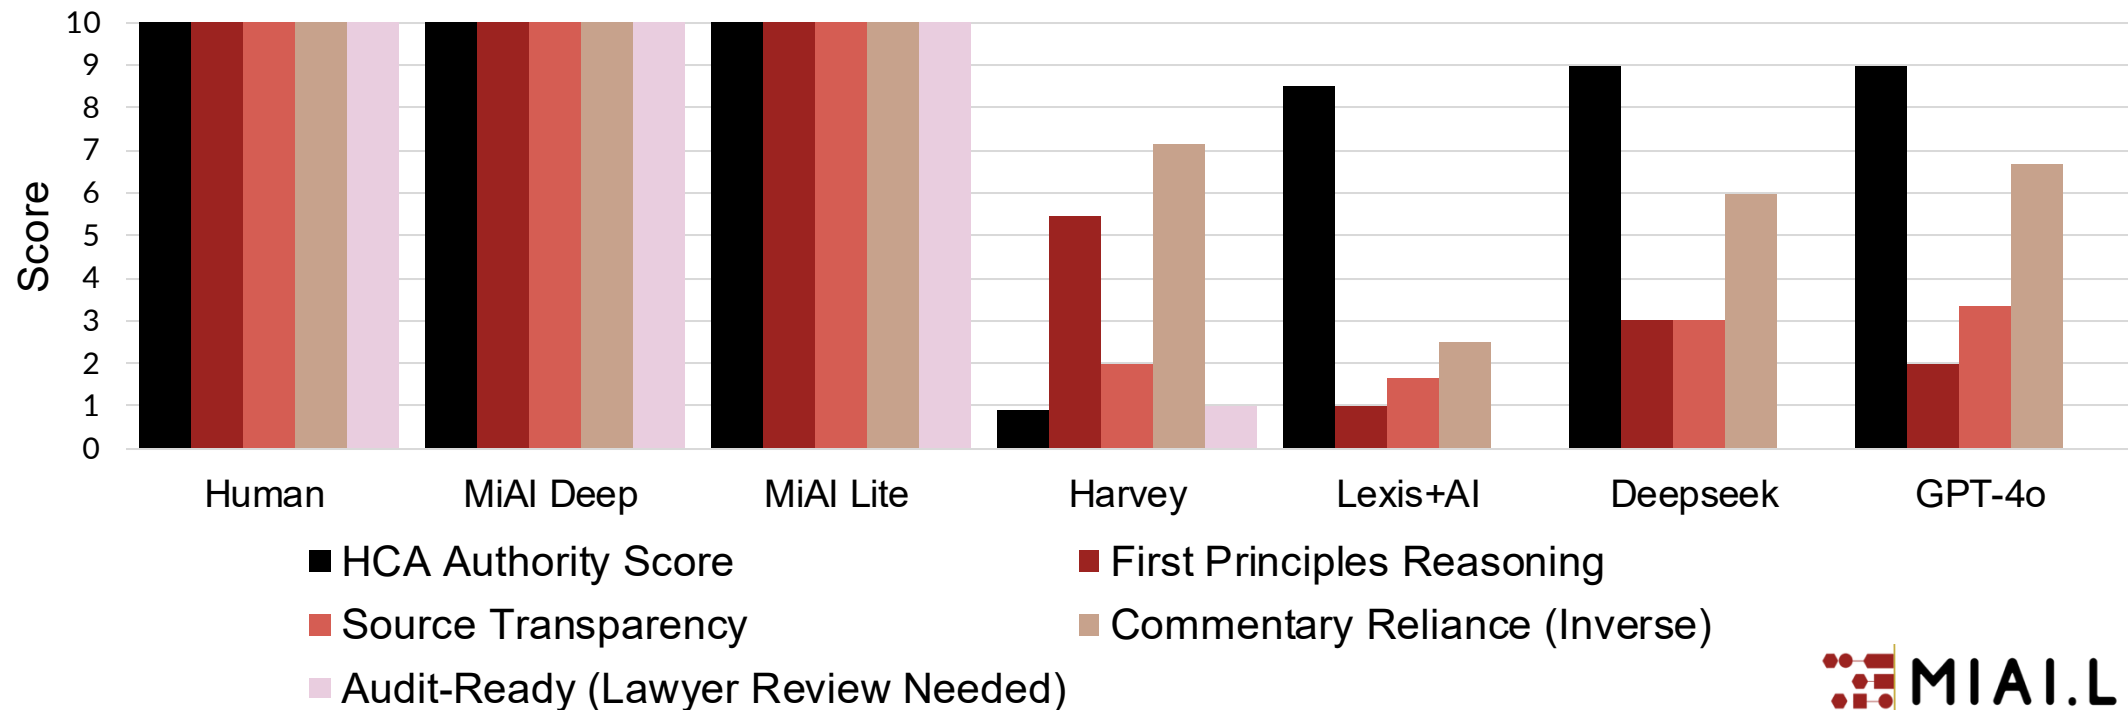

Human lawyers: 3+ weeks. MiAI: < 2 hours. **Same standard.**

[#] when necessary

^{*} All reasoning from first principles.

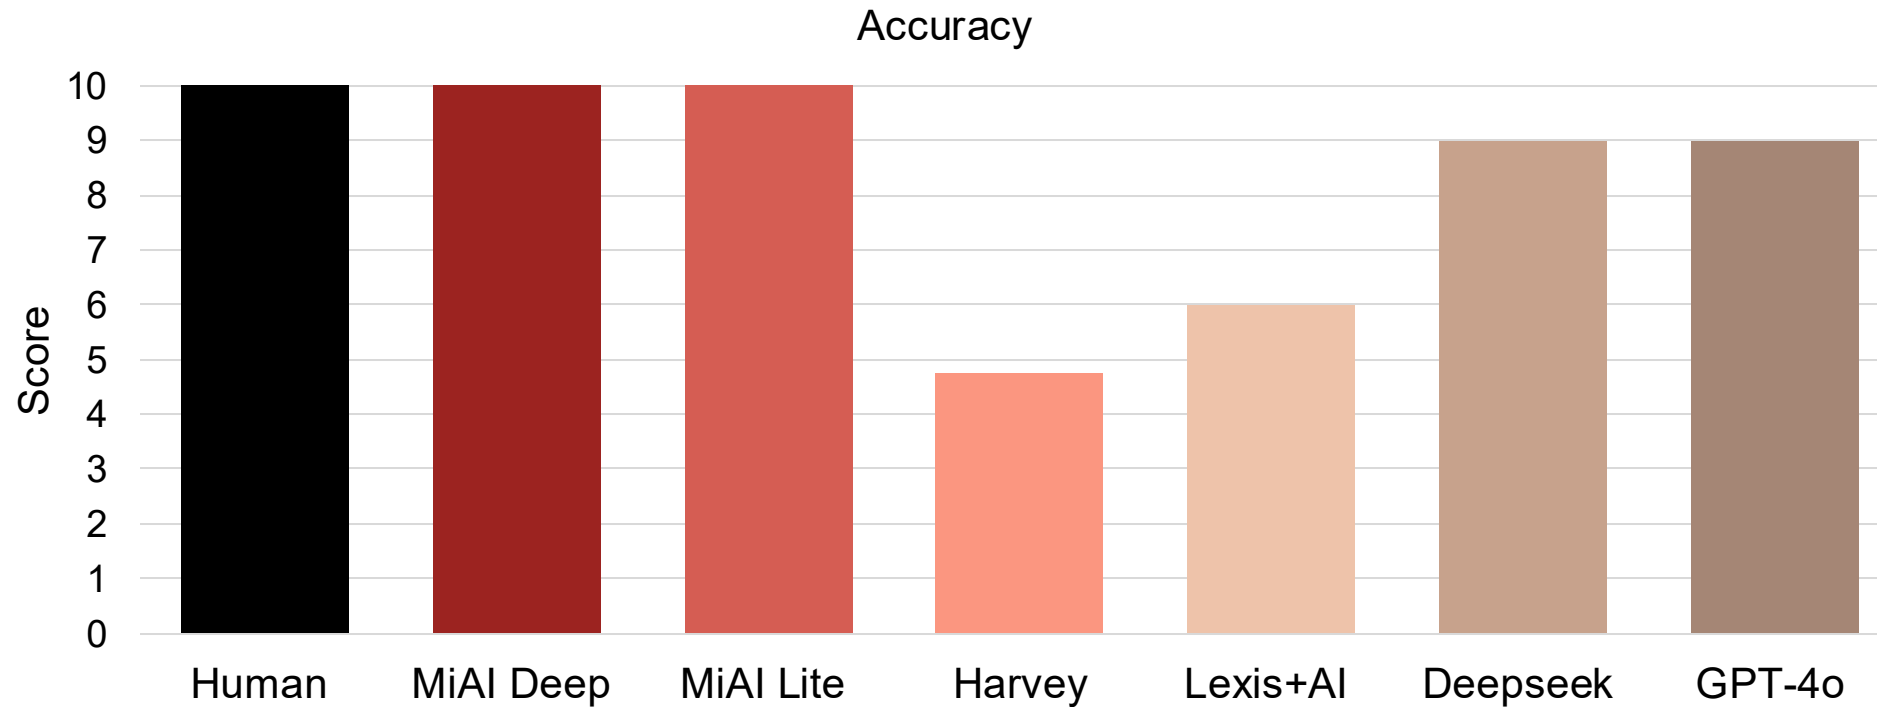

MiAI vs Competitors

Only **Human Lawyers** and **MiAI** Law consistently deliver court-ready, auditable answers.

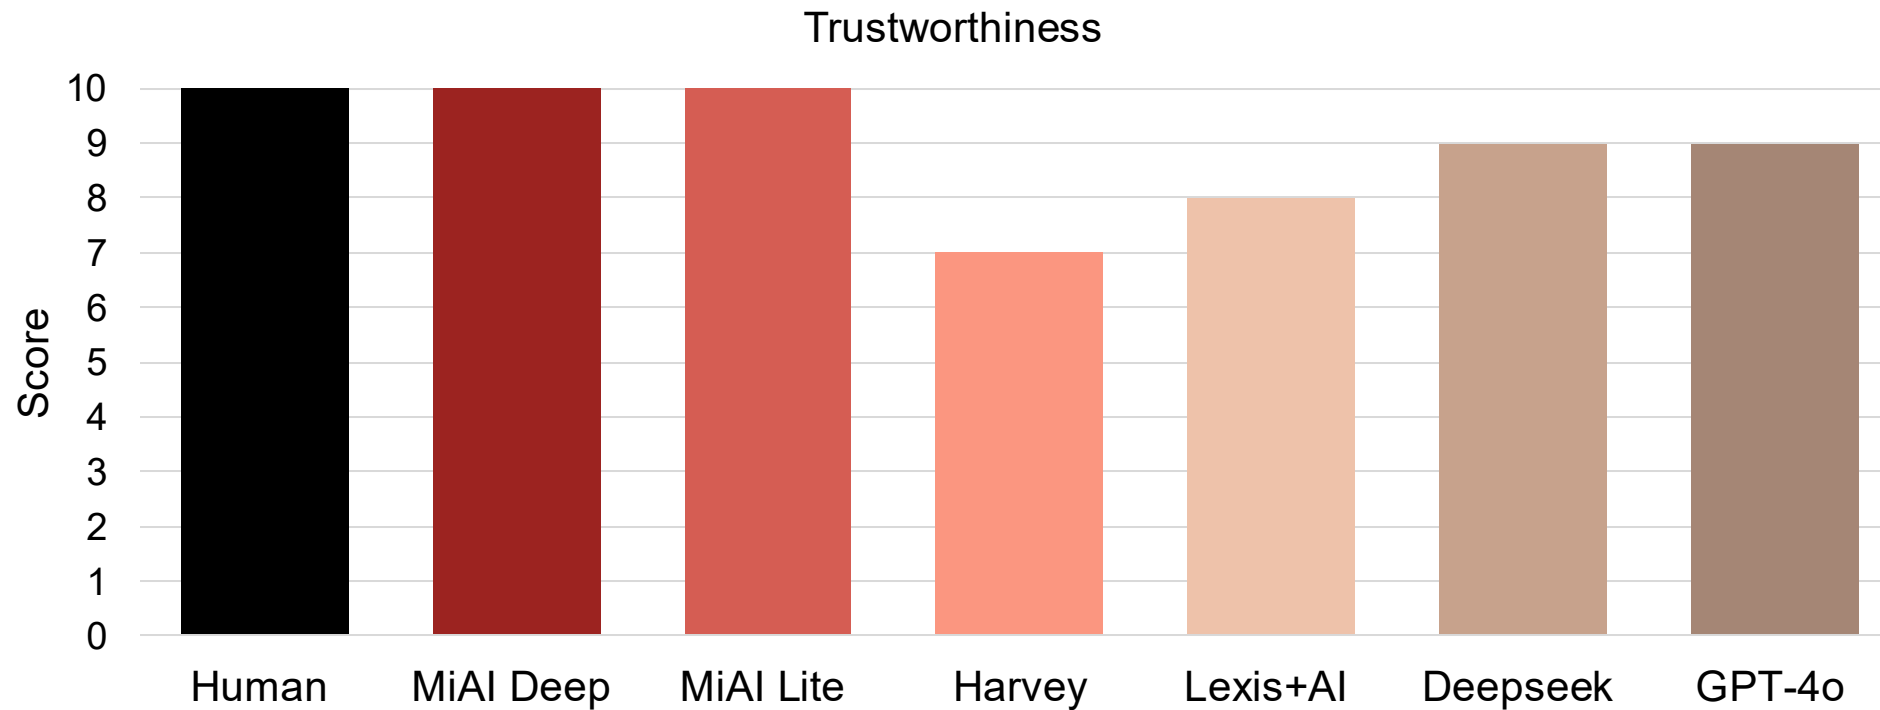

Accuracy Outputs

Trustworthy outputs from both MiAI Lite and Deep

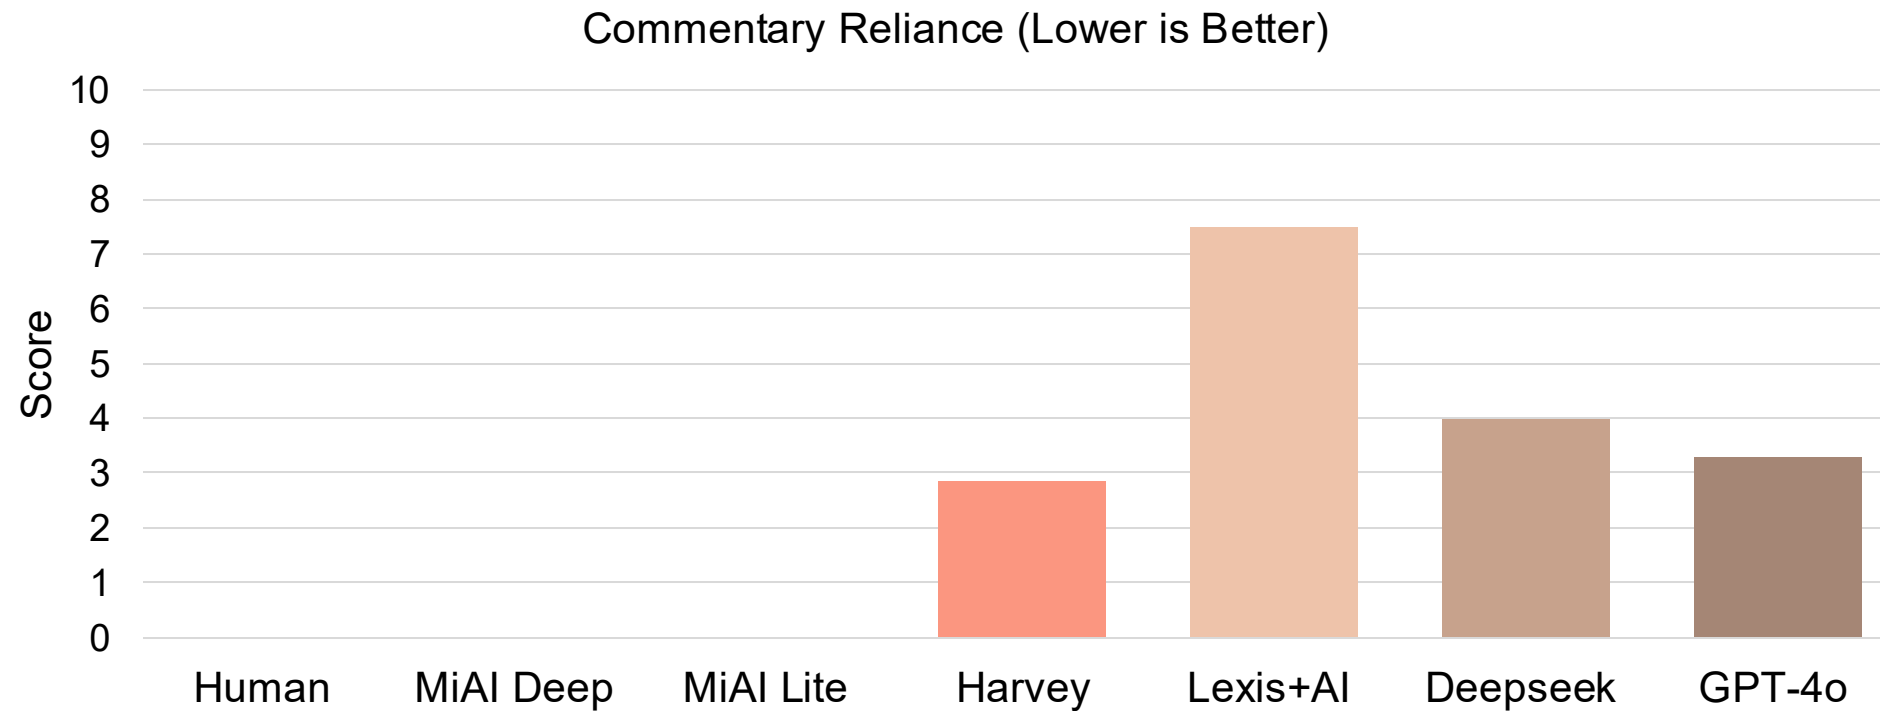

Trustworthy Outputs

Trustworthy outputs from both MiAI Lite and Deep

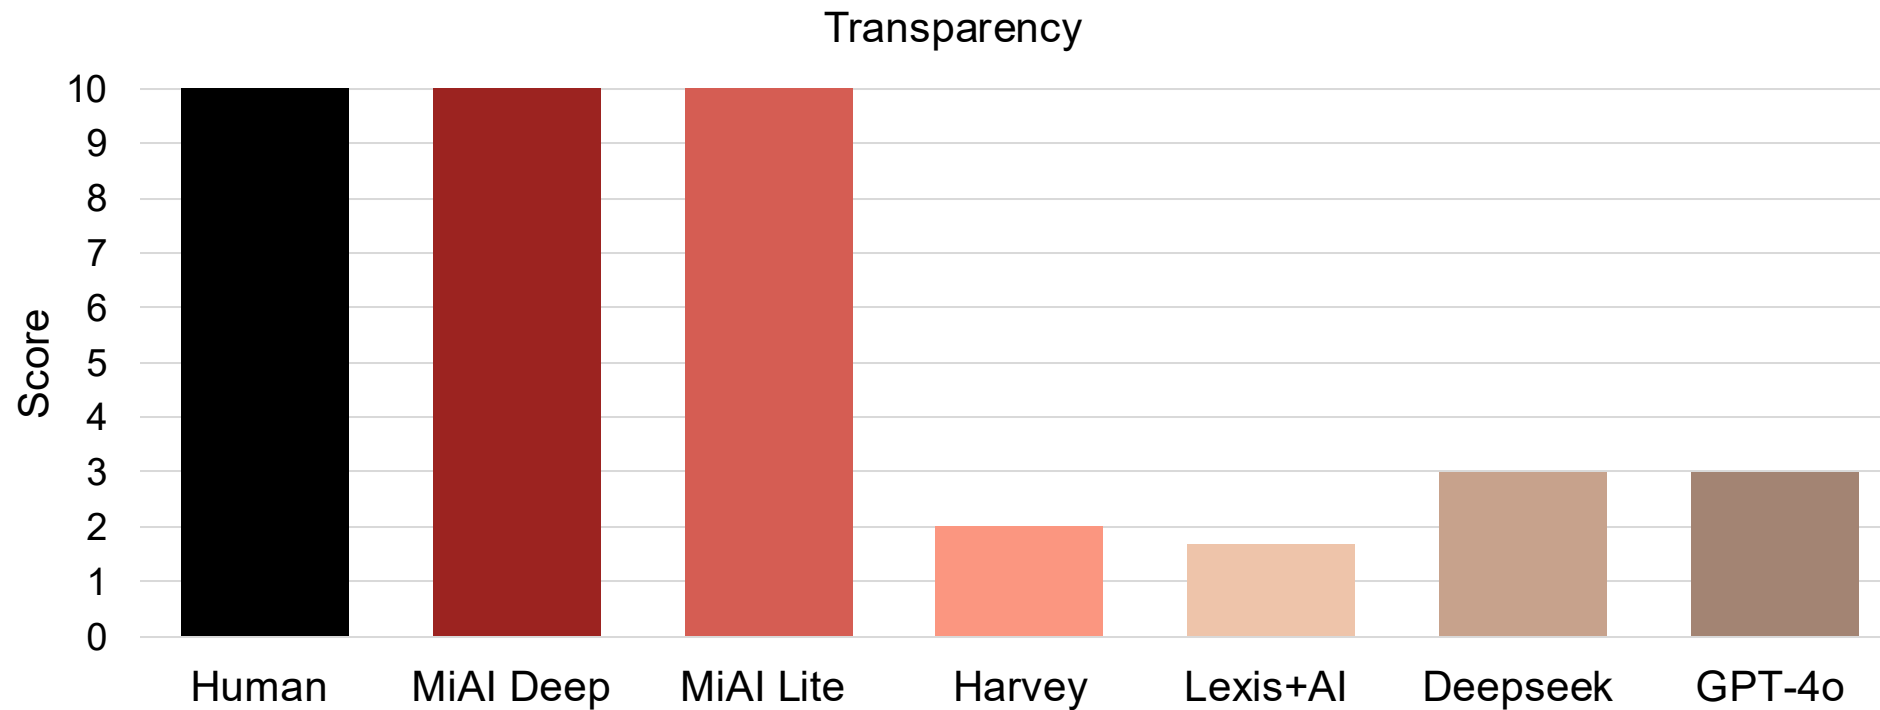

Commentary Reliance

MiAI Law never relies on commentary. Others do — often.

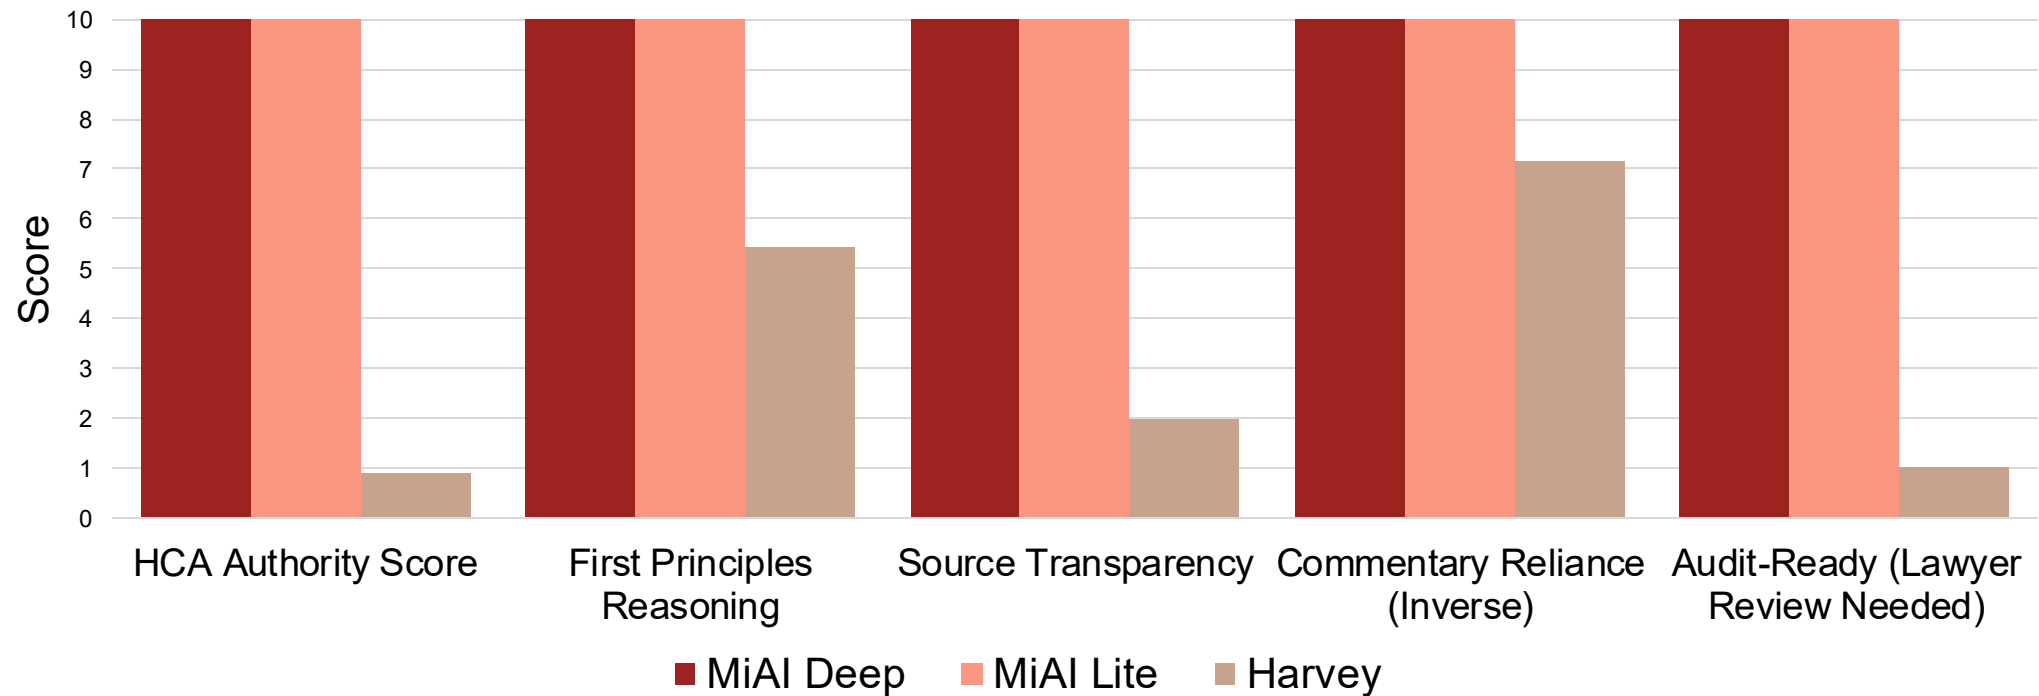

Transparency

Every MiAI answer is traceable and verifiable—no black box.

MiAI Deep vs MiAI Lite vs Harvey

MiAI beats Harvey when you need legal research on every metric

Lite vs Deep

Speed or Depth, both trustworthy

MiAI Lite is instant. MiAI Deep adds full doctrinal depth.

Model	Accuracy	Detail (Comprehensiveness)	Audit-Ready
MiAI Deep	10/10	10/10	10/10
MiAI Lite	10/10	7/10	10/10

Value Comparison

Traditional Research vs MiAI Law

	Without MiAI (Traditional Legal Research)	With MiAI Law (1 subscription)
Human Resources	5 lawyers/researchers	1 subscription
Cost	\$50,000 AUD per month	\$1000 AUD per month
Time required	Weeks of work	Minutes to hours
Output quality	Inconsistent outputs	Audit-ready, transparent
Coverage	Risk of missed key authorities	30/30 authorities surfaced (benchmarks)
