

REGULATORY CORNER

In this month's regulatory update, Recent developments highlight tightening expectations around data protection and technology risk, including upcoming compliance deadlines for amended financial privacy rules, expanding global cyber reporting obligations, and rising AI-related privacy litigation. Together, these trends point to heightened regulatory and enforcement risk for organizations managing sensitive data and emerging technologies.

MEET THE FSN LEADERSHIP TEAM!

Theresa Chikwendu
Principal Consultant,
Legal & M&A at MTN Group (JSE: MTN)
FSN International Program Chair

1

WHAT DO YOU DO?

I am the Principal Consultant, Legal & M&A at MTN Group (JSE: MTN). My role involves providing critical legal oversight for M&A, ensuring robust legal frameworks that align with MTN's strategic objectives and international best practices.

2

WHAT IS ONE UNIQUE THING ABOUT YOU? (FUN FACT!)

On a professional level, a unique thing about me is that I naturally operate with radical ownership. I don't just contribute to the work; I take full responsibility for steering it to the finish line. I have a calm, structured way of navigating complexity, and I thrive in high-pressure environments where clarity, accountability, and decisive leadership are essential. It's my superpower.

On the personal level, I love all things travel and travel photography. I am also a collector of postcards for all the places I have visited. I live by the travel quote by St. Augustine, "The world is a book and those who do not travel read only one page."

3

HOW HAS ACC HELPED YOUR CAREER?

ACC has strengthened my career by expanding my access to cutting-edge resources, legal insights, and a global network of in-house professionals navigating similar environments. It has also helped me stay ahead of various legal and regulatory trends while sharpening my governance and leadership capabilities.
