

PANDEMIC RESOURCES

ACC GLOBAL HQ

ACC is here for you. Please note the following resources:

COVID-19 Resource Center: The ACC resource library contains a curated and continuously updated selection of COVID-19 resources at <https://www.acc.com/covid-resources>. The page features recent webcasts, legal resources, the ACC COVID-19 online forum to discuss issues with other in-house lawyers, a link to the ACC Career Center and the Global Resources Selection. The content treats issues specific to in-house counsel and to the general public.

Health and Wellness Resources: ACC's Wellness Initiative provides suggested programs (both online and in person) and resources for the in-house legal community, regardless of department size, to support the needs of the whole person, including those who may be experiencing impairment.

ACC Preparedness Page: (<https://www.acc.com/covid-preparedness>). Updates are posted here about upcoming events, cancellations, as well as links from public health authorities on safe travel tips and advisories.

Remember, current members who may temporarily lose the title of in-house counsel can apply for an in-transition membership (free for the first year), to maintain their ACC membership benefits. Download the application and submit the form to membership@acc.com.
